

discount applicable to the delivery of $1\frac{1}{18}$ -pound frozen pork bellies. Frozen pork bellies in the $1\frac{1}{16}$ -pound weight range would continue to be deliverable at par under the proposal.

The CME intends to implement the proposed amendments with respect to the February 1997 contract month and all subsequent contract months upon receipt of Commission approval.

According to the Exchange, the contract's present discount structure encourages the delivery of lighter, less desirable bellies and discourages the delivery of heavier, more desirable bellies. The Exchange said that the proposed amendments are intended to correct this situation.

The Exchange also stated that:

The price differential between the $1\frac{1}{14}$ [pound] and $1\frac{1}{16}$ [pound] bellies in the fresh market is volatile. However, the average is approximately zero . . . because sausage makers buy whichever size is the cheapest, which off-sets the weak demand for the $1\frac{1}{14}$ pound bellies by slicers.

The $1\frac{1}{18}$ [pound] belly is less desirable than the $1\frac{1}{16}$ [pound] belly, all other things being the same, because not all slicers are equipped to handle the larger bellies. This is reflected by the price differential which averages 1.6 [cents per pound]. . . . Therefore, the proposed 1.5 [cents-per-pound] discount brings the contract in line with industry practices and cash market differentials.

The Exchange indicated that the proposals will not reduce the deliverable supply of frozen pork bellies for the contract.

The Division is requesting comment with respect to the extent to which the proposed discounts fall within the range of commonly observed cash price differences between $1\frac{1}{14}$ and $1\frac{1}{16}$ -pound frozen pork bellies and between $1\frac{1}{16}$ and $1\frac{1}{18}$ -pound frozen pork bellies. In addition, commenters are requested to address the effect (if any) the proposed amendments would have on the quantity of frozen pork bellies likely to be economically available for delivery on the contract.

Copies of the amended terms and conditions will be available for inspection at the Office of the Secretariat, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581. Copies of the terms and conditions can be obtained through the Office of the Secretariat by mail at the above address or by phone at (202) 418-5097.

Other materials submitted by the CME may be available upon request pursuant to the Freedom of Information Act (5 U.S.C. 552) and the Commission's regulations thereunder (17 CFR Part 145 (1987)), except to the extent they are

entitled to confidential treatment as set forth in 17 CFR 145.5 and 145.9.

Requests for copies of such materials should be made to the FOI, Privacy and Sunshine Act Compliance Staff of the Office of the Secretariat at the Commission's headquarters in accordance with 17 CFR 145.7 and 145.8.

Any person interested in submitting written data, views, or arguments on the proposed terms and conditions, or with respect to other materials submitted by the CME, should send such comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., 20581 by the specified date.

Issued in Washington, DC, on November 20, 1995.

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board Task Force on Information Warfare Defense; Notice of Advisory Committee Meeting

SUMMARY: The Defense Science Board Task Force on Information Warfare Defense will meet in closed session on December 14-15, 1995 and January 18-19, 1996 at Science Applications International Corporation, McLean, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings the Task Force will focus on protection of information interests of national importance through establishment and maintenance of a credible information warfare defensive capability in several areas, including deterrence. This study will be used to assist in analysis of information warfare procedures, processes, and mechanisms, and illuminate future options in defensive information warfare technology and policy.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1988)), it has been determined that these DSB Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) (1988), and that accordingly these meetings will be closed to the public.

Dated: November 22, 1995.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Department of the Navy**Naval Research Advisory Committee; Closed Meeting**

Pursuant to the provisions of the Federal Advisory Committee Act (5 U.S.C. App. 2), notice is hereby given that the Naval Research Advisory Committee Panel to Review the Department of the Navy Science and Technology Program will meet on December 11, 12, and 13, 1995, at the Naval Research Laboratory, Washington, DC. The meeting will commence at 9:00 a.m. and terminate at 5:30 p.m. on December 11 and 12; and commence at 8:30 a.m. and terminate at 3:00 p.m. on December 13, 1995. All sessions of the meeting will be closed to the public.

The purpose of the meeting is to provide an assessment of the Department of the Navy Science and Technology Program, make

recommendations on how to best posture the Department to be a world class customer of science and technology innovation, and determine whether the Department's execution philosophy and management structure allow for the most effective utilization of innovation. The agenda will consist of Executive Sessions devoted to writing a report of their findings and recommendations. The Executive Sessions will include discussions of previously briefed material from the Joint Chiefs of Staff, Department of Defense, Department of the Army, Department of the Air Force, Advanced Research Projects Agency, and internal Department of the Navy sources. These discussions will contain (1) classified information that is specifically authorized under criteria established by Executive Order to be kept secret in the interest of national defense and are in fact properly classified pursuant to such Executive Order; and (2) sensitive Department of Defense information that would be likely to significantly frustrate proposed agency action if it is disclosed to the public prematurely. The classified, sensitive, and non-classified matters to be discussed are so inextricably intertwined as to preclude opening any portion of the meeting.

Accordingly, the Under Secretary of the Navy has determined in writing that the public interest requires that all sessions of the meeting be closed to the public because they will be concerned with matters listed in section 552b(c)(1) and (9)(B) of title 5, United States Code.

This Notice is being published late because the Federal Government furlough caused administrative delays which constitute an exceptional circumstance, not allowing Notice to be published in the Federal Register at least 15 days before the date of the meeting.

For further information concerning this meeting contact: Ms. Diane Mason-Muir, Office of Naval Research, Naval Research Advisory Committee, 800 North Quincy Street, Arlington, VA 22217-5660, Telephone Number: (703) 696-6769.

Planning and Steering Advisory Committee; Closed Meeting

Per the provisions of the Federal Advisory Committee Act (5 U.S.C. App

2), notice is hereby given that the Planning and Steering Advisory Committee will meet December 13, 1995 from 9 a.m. to 4 p.m., at the Center for Naval Analyses, 4401 Ford Avenue, Alexandria, Virginia. This session will be closed to the public.

The purpose of this meeting is to discuss topics relevant to SSBN security. The entire agenda will consist of classified information that is specifically authorized by Executive order to be kept secret in the interest of national defense and is properly classified pursuant to such Executive order. Accordingly, the Under Secretary of the Navy has determined in writing that all sessions of the meeting shall be closed to the public because they concern matters listed in 552b(c)(1) of title 5, United States Code.

DEPARTMENT OF EDUCATION

[CFDA No. 84.309B]

Office of Educational Research and Improvement: Educational Research and Development Centers Program; Notice Inviting Applications for New Awards for Fiscal Year (FY) 1996—Correction

On September 14, 1995, the Assistant Secretary for Educational Research and Improvement published in the Federal Register (60 FR 47826) a notice inviting applications for new awards for the Educational Research and Development Centers Program. The purpose of this notice is to increase the estimated funds available and to extend the deadline for transmittal of applications for the Educational Research and Development Center for Improving Adult Learning and Literacy.

In the notice inviting applications for new awards, change the estimated available funds for FY 1996 from \$21,350,000 to \$22,350,00 and increase the estimated funds available under the priority area "Improving Adult Learning and Literacy" from \$1,500,000 to \$2,500,000.

To allow applicants sufficient time to develop projects that respond to the new estimated available funds, the
